PROJECTS

Java, Spring Boot, React.js, Google Gemini API | github.com/nakashn/AItextsummarizer

AI Text Summarizer

- Developed an AI-powered application that generates concise summaries from large text inputs.
- Integrated Google Gemini API for text processing and summarization.
- Built REST APIs for backend communication and data processing; implemented JSON request and response handling.

Java, Spring Boot, MySQL | github.com/nakashn/ecommerce

E-Commerce Web Application

- Built an e-commerce web application with user authentication and session management.
- Developed product management functionality and connected the application to a MySQL database.
- Implemented backend logic for data handling and user interactions.

Java Servlet, JSP, MySQL | github.com/nakashn/khelposhak

Khelposhak E-Commerce Web Application

- Built an e-commerce web application with user authentication and session management.
- Developed product management functionality and connected the application to a MySQL database.
- Implemented backend logic for data handling and user interactions.

HTML, CSS, JavaScript, Java, Spring Boot | github.com/nakashn/chat-app

Chat Application

- Developed a chat application with a frontend built in HTML, CSS, and JavaScript and a Spring Boot backend.
- Implemented real-time messaging between users using WebSocket.
- Structured the backend with Spring Boot and added application tests.

SKILLS

- **Programming Languages:** Java, Python, JavaScript
- **Web Technologies:** HTML, CSS
- **APIs & Frameworks:** REST APIs, Spring Boot, React.js, Hibernate, Java Servlet, JSP
- **Databases:** MySQL, Oracle Database
- **Generative AI:** Prompt Engineering, ChatGPT, AI Tools
- **Tools & Platforms:** Git, GitHub, Maven, Apache Tomcat, IntelliJ IDEA, NetBeans, VS Code

EDUCATION

Informatics College Pokhara | 2024–2027

BSc (Hons) in Computing

Affiliated to London Metropolitan University

Prativa Secondary School | 2021–2023

Higher Secondary (+2 Science)

GPA: 3.22

Shree Amar Singh Secondary School, Pokhara | 2021

Secondary Education Examination (SEE)

GPA: 3.65

ACHIEVEMENTS & ACTIVITIES

- Participated in software development and academic group projects.
- Assisted classmates with programming concepts and assignments.
- Pursued self-learning through personal projects and online resources.
- Explored modern technologies related to backend development and artificial intelligence.
